

EWING TOWNSHIP FIRE DEPARTMENT – COMMUNITY OUTREACH

EVENT REQUESTS

Firefighter Visit

Schools and community groups may request for firefighters to visit their location. Firefighter visits last anywhere from 30-90 minutes depending on group sizes. Minimum group size is 10 children. If groups are more than 25 children, the visit must be scheduled between the hours of 9am-3pm and only one grade per day can be scheduled. If you have more than one grade, you will need to submit a separate request form for each grade level and their visits will need to be scheduled on different days. The visit will include viewing the fire engine and equipment, as well as being presented important fire safety tips based on age appropriate lesson plans and activities. All requesting preschools, schools, groups, and organizations must be located within Ewing Township. Please be aware that the firefighters coming for a visit are “in-service” at all times, which means if there is an emergency call they will have to respond and/or the visit may have to be rescheduled with minimum notice. A parking area must be provided where the fire engine can get in and out quickly in the event of an emergency. Also, an adequate number of teachers/chaperones must be present to assist the firefighters with the children and quickly clear individuals from the fire engine if firefighters have to leave in a hurry.

Station Tour

Station tours last approximately 25-30 minutes and include viewing the fire engine, equipment, as well as talking to firefighters about their jobs and learning important fire safety tips. Maximum number of participants is 25 children (including 5 chaperones). One chaperone for every five children is required. Tours must be scheduled between the hours of 9am-7pm. The fire station will remain "in-service" during tours and may need to respond to an emergency at any time. If they do, it will be necessary for the tour to end and your group to exit the station.

Only one visit or tour per day, per fire station can be scheduled. If you have more than one group, you will need to submit a separate request form for each group and their visits will need to be scheduled on different days.

Station Tour Address:

Ewing Township Fire Department
Station 30
1666 Pennington Rd.
Ewing, NJ 08618

Community Events

Department participation can be requested for events that are open to the public, including health fairs, book fairs, festivals, and other community outreach opportunities. Neighborhood and community groups can request for firefighters to visit your location with a fire engine. Please be aware that the firefighters coming for a visit are “in-service” at all times unless arranged otherwise, which means if there is an emergency call they will have to respond and/or the visit may have to be rescheduled with minimum notice. A parking area must be provided where the fire engine can get in and out quickly in the event of an emergency. Any special arrangements must be arranged ahead of time.

Other Requests

Please provide an overall accurate number of children on this form so we can provide the correct number of fire safety education kits we need to bring the day of the visit.

**When we arrive at the visit:* Please provide us with a more descriptive list of each teachers name, room number, and number of children in his/her class participating so kits can be dropped off during the program by a firefighter. Kits should then be distributed and sent home at the end of the day.
